

CHILIFEST HISTORY

Together we have donated over \$3,000,000 to local charities.

In the fall of 1999, eight years after the inception of the Chilifest event, Chilifest Incorporated, a 501(c)(3) non-profit corporation, was formed to professionally manage and organize what has become the most anticipated event in the Brazos Valley – CHILIFEST.

Over the years, Chilifest Inc. has assembled an untarnished resume of success – having entertained thousands of patrons and attracted some of country music’s finest performers to our area. Undoubtedly, Chilifest remains in a class of its own: dedicated to provide a spectacular event, with all proceeds benefiting the community to aid in many worthy causes. We have proven that Texas music brings loyal fans to the Starlight Ballroom in Snook each spring where fifteen acres of pastureland are transformed into a two-day event that includes chili, live music, and FUN!

WHAT MAKES CHILIFEST DIFFERENT

Chilifest is unlike most music festivals. What separates us is how we emphasize the importance of coming in groups rather than individual attendees. This gives out of town teams the comfort of having their own designated plot of land to tailgate as they please. We allow all of our teams to bring their own beer and wine (no hard alcohol) on Friday. All alcohol must be locked in a cooler from Friday night to Saturday. This saves attendees from high prices located within the festival grounds to purchase alcohol. It also offers teams from out of town to come and bond with their brother organizations at A&M.
